Congratulations on your purchase of a new puppy from Five Star Pups! From our home to yours, we certify that the puppy is in good health at time of transfer to the best of our knowledge. We do our best to provide your family with a healthy, happy puppy.

We cannot control exposure your puppy encounters after leaving our property. Puppies sometimes experience stress when adopted and moved to their new home. This stress can be brought on by the move, diet change, too much handling, or not eating properly.

This stress can bring on things that are dormant such as, but not limited to: coccidia, giardia, colds, or hypoglycemia(low blood sugar). These conditions are treatable and do not warrant reimbursement.

Any congenital abnormality or condition deemed to be the breeder's fault will be warranted for one year from the puppy's date of birth with a signed letter from the diagnosing veterinarian. The guarantee will issue 100% money back or a compromise to replace with another puppy. This applies to the original owner only. The guarantee will not cover any veterinarian fees or services. If any life-threatening health problems are found at the time of examination, please contact us at once. If the puppy should pass away within 72 of purchase, an autopsy from a state lab is required.
